

Olaf Update

Laugh a little, learn a little and take a break from the daily grind

Spring 2006

A view of the south side of Border States Electric's 2005 addition. Architectural precast was used on phases one through four.

Each of the three small conference rooms are equipped with a projector and conference telephone.

A bird's eye view of the cubicles that fill Border States' office space.

South side addition to Border States Electric

We're Proud Of The Customers We Keep

Longtime customer Border States Electric teamed with Olaf Anderson & Son last year for a third addition to their Fargo facility. The expansion provided much needed office space, cubicle area and small conference rooms to accommodate the corporate side of their business. Just over 12,000 square feet were added to the Fargo-based electrical wholesaler. A 200 kW generator and additional data and electrical rooms were also part of the project.

Last fall, more than 75 employees moved into the newly expanded facility. Currently, we're remodeling the existing Fargo branch located on the first floor of the original structure.

Planning A Project?

Or do you know someone who is?

Olaf Anderson & Son can be a valuable resource during the planning stages. Call Jeff Furstenuau today at 701-237-3605 to discuss where we can save time and money in a building project.
