

# Olaf Update

Laugh a little, learn a little and take a break from the daily grind

Fall 2018

*Lakeshirts remodel and addition*

## Another Expansion For Lakeshirts

**L**akeshirts' facility in Detroit Lakes, Minnesota now has a brand new look! In May of 2017, Olaf Anderson began their work on a remodel and addition to Lakeshirts' existing building.

Lakeshirts, a wholesale supplier of custom-designed apparel has been printing and designing T-shirts for more than 30 years. With the growth of their business came the need for more space for personnel. Olaf Anderson completed Lakeshirts' first facility in 1994 and, since then, has built and managed five additions for the company.

After multiple expansions, Lakeshirts

facility consisted of approximately 305,000 square feet of production and office space. The most recent remodel and addition, which was fully completed in March of 2018, added approximately 2,500 square feet and contained a large lobby, office space and a waiting room, as well as a new contemporary perspective to the exterior.

Olaf Anderson was glad to help out with their project by self-performing all steel, concrete and timber trusses. We look forward to continuing our long-term relationship with Lakeshirts in the many years to come.
